

Import Citations: Medline / PubMed

To locate and import citations into UA Vitae from Medline / PubMed, you may use the MEDLINE/PubMed search tool built into UA Vitae.

1. From the **Dashboard**, navigate to your **Activities** page or **Reports & Forms >> Initiated Activity Input Form**. Select **Research: Scholarly Contributions and Creative Productions**, select **Add** and then select the **Medline / PubMed** radio button.

2. Use the **Search Field** dropdown menu and select **Author**. Enter your name as it is indexed in PubMed in the search box. Select **Search**.

***NOTE:** If you have a common name, you may choose a different search field to narrow the search results. If you have many publications, you should also increase the **Maximum Records** dropdown to allow more results to be retrieved.

- Select each box that corresponds to one of your publications. After you check the appropriate citation(s), select **Import Selected** at the bottom of the list.
