

Import Citations: NASA ADS (Classic)

Export citation(s) from the NASA ADS database profile to UA Vitae in BibTeX format.

1. Search [ADS Classic](#) for your name as it appears in publication. Select the titles you wish to export from the ADS database by clicking the checkbox(es). Below the results list, find the section titled **Retrieve the above records in other formats or sort order**. Next to **Return**, select the dropdown list and choose **BibTeX reference list**. Leave the other options to **Display on Screen** and **Sort by Date (most recent first)**. Select the **Retrieve Selected Records** button.

To retrieve all records above, use the "Select All Records" button above.

A BibTeX (.bib) file will be generated for you to view in the window. Select all of the text below and excluding the line stating how many records were exported. You can select all the text on the page and copy (Ctrl-A/Ctrl-C or Command-A/Command-C).

2. From your UA Vitae [Dashboard](#), navigate to either your [Activities](#) page or [Reports & Forms >> Initiated Activity Input Form](#). Under [Research: Scholarly Contributions and Creative Productions](#), select **Add** and then select the **Generic** radio button.

A usage restrictions notice box will appear. Select **Cancel** to continue.

- To import citations, choose **BibTeX** from the **Format** dropdown menu. Then select the **Copied Text** radio button. A text input box will appear. Paste the copied text using Ctrl-V or Command-V. Once the text is pasted, select **Save**.

The form is divided into two sections. Section 1, "Citation Format", has a "Format*" dropdown menu currently set to "BibTeX". Section 2, "Citation Data", has an "Import*" section with two radio buttons: "File" (unselected) and "Copied Text" (selected). Below this is a large "Text*" input area. At the bottom of the form are "Save" and "Cancel" buttons.

- On the next screen, verify the **Year Published**, **Semester**, and **Year** for each title. If all information is correct, select the titles you would like to import and click **Save Selected**. If there are any remaining, select them and click **Delete Selected**. When the field is empty, click away or select **Cancel** to navigate elsewhere.
